

CLIENT ALERT: SMALL BUSINESS FUNDS AVAILABLE LOAN/GRANT

Dear Clients:

Trusting you are safe, well and healthy of primary importance!

We at FGD are sure you have heard/read that the President signed a two **trillion** dollar stimulus plan late last Friday (the “CARES Act”)

Factoid, **one trillion seconds** ago was 30,000 B.C.

There is help, aid, assistance and perhaps some measure of relief for qualifying business owners.

We at FGD encourage you to go to [www.sba.gov](http://www.sba.gov) and complete an Economic Injury Disaster Loan application (there should be a yellow bar at the top of the screen).

Details are few at this point, but our cursory, unconfirmed understanding is that:

1. This application should deliver up to a \$10,000 loan advance a few days from approval;
2. This loan advance may likely turn into a **grant (no payback)** upon verification it was spent on *qualifying expenses*.

FGD's clients are concentrated in the target of qualifying companies to which the disaster relief package is directed.

We also believe that it is quite possible that your business will be able to apply for further assistance up to \$2MM for rent, payroll, lost revenue/profits after this initial period.

Please know that we at FGD are here to help in any way that we can!

Sincerely,

Don Furman
